

Bid Project:

Elsinore Valley Municipal Water District Corydon Well Replacement Project

Water Systems Consulting, Inc. (WSC) is assembling a team to pursue the Corydon Well Replacement Project for Elsinore Valley Municipal Water District. WSC is a water-focused civil engineering and hydrogeology firm with nearly 20 years of experience in the planning, design, construction, and optimization of water and wastewater infrastructure and treatment facilities.

Elsinore Valley Municipal Water District's active RFP is for professional design, bidding support, and engineering services during construction for the Corydon Well Replacement Project. The goal of the project is the design of a new municipal groundwater production well to replace and to abandon the existing Corydon Well.

The project receives funding from a grant through the United States Department of the Interior, Bureau of Reclamation WaterSMART program. WSC is in the process of completing a good faith effort soliciting firms holding any recognized federal, tribal, state/local, or independent DBE certification that complies with 2 CFR 200.321.

The types of certifications sought include:

- Small Business (SB)
- Small Disadvantaged Business (SDB)
- Women-Owned Small Business (WOSB)
- SBA-certified HUBZone Small Business (HUBZone SB)
- Veteran-Owned Small Business (VOSB)
- SBA-certified Service-Disabled Veteran-Owned Small Business (SDVOSB)
- Alaskan Native Corporation (ANC) or Indian Tribe (IT)
- Native Hawaiian Organization (NHO)
- Disadvantaged Business Enterprise (DBE) – DOT
- Disadvantaged Veteran Business Enterprise (DVBE) – State of California
- Minority Business Enterprise (MBE) – NMSDC certification (non-federal)
- Woman Business Enterprise (WBE) – WBENC certification (non-federal)

The NAICS codes WSC seeks are:

- 541330 - Engineering Services (Structural, Electrical, Geotechnical, and Architectural)
- 541380 - Testing Laboratories and Services (Geotechnical)
- 541310 - Architectural Services
- 541370 - Surveying and Mapping
