

Water Systems Consulting, Inc

Water Systems Consulting, Inc. (WSC) is seeking certified and qualified Disadvantaged Business Enterprise (DBE) subcontractors to be on our team for the City of San Buenaventura's VenturaWaterPure (VWP) Injection Well Equipment and Pure Water Pipeline Design (Project) for our reponse to the City's Request for Proposals (RFP).

This RFP pertains only to the new groundwater injection and monitoring wells and associated pipelines to convey the water to the wells.

WSC is a water-focused civil and environmental engineering firm with more than 16 years of valuable experience in the planning, design, construction, and optimization of water and wastewater infrastructure and treatment facilities.

WSC is soliciting DBE subconsultants to be on our team in the areas of:

- Geotechnical Engineering
- Land Surveying
- Structural Engineering
- Electrical Engineering
- Traffic Control
- Potholing
- Utility Locating
- Right-of-Way/Property Acquisition
- Architectural Consulting Services
